EXECUTIVE SUMMARY

INTRODUCTION

- Kingsridge Cleddans Housing Association commissioned Research Resource to carry out a tenant satisfaction survey on their behalf.
- The aim of the survey was to provide an up-to-date view of tenant satisfaction with the Association, its services, and the neighbourhood. A total of 163 interviews were completed with Kingsridge Cleddans tenants and 2 interviews were undertaken with sharing owners.
- Interviews took place between the 29th of July and the 21st of August 2022 and were spread across the organisations stock to ensure that a comprehensive picture of customer satisfaction was collected.
- This executive summary highlights the key findings from this programme of research.

SCOTTISH HOUSING REGULATOR INDICATORS OF SATISFACTION

The table below shows the overall satisfaction figures for the Scottish Housing Regulator indicators. Kingsridge Cleddans Housing Association is performing very well with satisfaction levels ranging from 96% in terms of keeping tenants informed to 100% with regards to participation opportunities. All indicators have remained consistent with the figures reported in the August 2019 survey and are higher than the Scottish average for all landlords as reported in the 2021/22 Annual Return on the Charter.

OVERALL SATISFACTION

- Almost all respondents were either very or fairly satisfied with the overall service provided by their landlord compared to 1% who were neither satisfied nor dissatisfied and 1% who were fairly dissatisfied.

INFORMATION AND COMMUNICATION

- Written communications were the preferred sources of communication for tenants with 91% preferring to use newsletters and 89% preferring to use letters.
- Over 9 in 10 tenants (99%) were of the opinion KCHA were very or fairly good at keeping them informed and only 1% (1 tenant) felt the Association was fairly poor.

PARTICIPATION

- Over half of tenants (56%) were aware of the opportunities provided to them to take part in the Association's decision-making activities, with awareness levels being highest regarding regular customer satisfaction surveys (52%) and becoming a member of KCHA and attending the AGM (20%).
- Just under 9 in 10 tenants (88%) said they were not interested in becoming involved in any of these ways and where tenants expressed an interest this was largely by taking part in regular customer satisfaction surveys (11%).
- Despite low levels of interest in taking part in participation opportunities, all respondents were either very or fairly satisfied with the opportunities provided to them (100%).

CUSTOMER CONTACT

- Over 7 in 10 tenants had access to the internet in their home through home broadband (72%) and just under 7 in 10 tenants could access the internet via a mobile signal (69%).
- Of those who had internet access the majority said they usually do this via a smartphone with mobile internet (67%).
- Over half of tenants (55%) said they would be willing to access Kingsridge Cleddans services online via a secure web portal or app if this were available, 30% said they would not use this and 15% were unsure.
- Just under half of tenants said that the office being closed due to Covid has not changed how they contact the Association as they usually do this by telephone (49%).

TENANT SATISFACTION SURVEY 2022

- Almost all tenants (99%) were either very or fairly satisfied with the customer care provided by Kingsridge Cleddans staff compared to 1% who were neither satisfied nor dissatisfied and 1% who were fairly dissatisfied.

#REPAIRS AND HOUSING QUALITY

- A third of tenants (33%) have had repairs carried out in their property in the last 12 months, amounting to 53 individuals. Of these tenants, 98% were very or fairly satisfied with the repairs service provided by KCHA compared to 2% who were very dissatisfied.
- Almost all tenants were either very or fairly satisfied with the quality of their home compared to 1% who were neither satisfied nor dissatisfied and 3% who were fairly dissatisfied.
- Satisfaction with various aspects of the inside of the home range from 85% with regards to the windows to 99% in terms of the heating system and the measures to deal with dampness or condensation.
- Tenants top three priorities for improvement to the home were:
 - New windows (44%)
 - New bathrooms (21%)
 - New kitchens (15%).

THE NEIGHBOURHOOD

- Tenants were asked how satisfied or dissatisfied they were with their neighbourhood as a place to live. The vast majority (98%) were either very or fairly satisfied in this respect compared to 1% who were neither satisfied nor dissatisfied and 1% who were very or fairly dissatisfied.
- In terms of estate services provided by their landlord:
 - 98% were satisfied with the handling of neighbour disputes
 - 95% were satisfied with the cleaning of common closes
 - 92% were satisfied with the removal of graffiti
 - 91% were satisfied with garden inspections
- Almost all tenants (98%) were either very or fairly satisfied with KCHA's contribution to the management of the neighbourhood they live in compared to 1% who were neither satisfied nor dissatisfied and 1% who were fairly dissatisfied.
- The biggest concerns for tenants in their neighbourhood were:
 - Rubbish or litter (16% stating major or minor problem)
 - Disruptive teenagers/ children (12%)

- Dog fouling/ dog mess (10%)

RENT, VALUE FOR MONEY AND FINANCIAL MANAGEMENT

- Over 7 in 10 tenants (71%) were aware the Association provides a Welfare Rights and Benefits advice service and 70% were aware they provide a food bank.
- Almost all tenants (99%) said the rent for their home represented very or fairly good value for money compared to 1% who said it was neither good nor poor value and 1% who said it was fairly poor value for money.
- Over half of tenants said they received full housing benefit paid directly to the landlord, 6% said they received partial housing benefit paid directly to their landlord, 4% received Universal Credit paid to them and 19% received partial Universal Credit paid directly to them. Over one in four tenants (26%) said they paid full rent.
- Just under half of tenants (49%) who pay at least part of their rent said they find it easy to afford the rent payments for their home, 46% said it was just about affordable and 5% said they found it fairly difficult to afford.
- Just under half of tenants pay for their fuel bills via a pre-paid card or key (47%), 40% pay by Direct Debit and 12% pay on receipt of a bill.
- One third of tenants have chosen to not put their heating on because they couldn't afford to (33%).
- Just under 8 in 10 tenants (79%) said they find their fuel bills for their home just about affordable, 7% said they was very or fairly easy to afford and 14% said they were very or fairly difficult to afford.

TENANT PERCEPTIONS AND PRIORITIES

- Tenants were asked to select from a list of service which they consider to be their top three priorities. The top three priorities selected by tenants were:
 - repairs and maintenance of the home (96%)
 - investment in improving the quality of housing (80%)
 - keeping tenants informed about services and decisions (56%).
- The questionnaire included an open-ended question which asked tenants what they believed their landlord was best at. The comments provided to this question have been coded thematically and show that 15% of tenants said their landlord was best at providing a quick or good repairs service. This was followed by helpful or good customer service (12%) and good communications (6%). Furthermore, 14% of respondents said they had no

TENANT SATISFACTION SURVEY 2022

complaints or issues and 14% said they were happy with everything or the service overall.

- In terms of recommendations for improvement, again the responses have been coded thematically and show that 69% of respondents were unable to provide a suggestion and 18% had no recommendations for improvement. On the other hand, 4% suggested upgrades to the home.

1. INTRODUCTION, BACKGROUND AND OBJECTIVES

1.1. Introduction

This report represents and discusses the findings to emerge from Kingsridge Cleddans Housing Association's (KCHA) 2022 Customer Satisfaction Survey.

1.2. Background and objectives

The aim of the research was to seek customers' views on the services that KCHA provides and how well it performs these services and to help identify areas where the service can be improved. Specifically, the research was designed to provide customers views on the following:

- Customers' views (including factored owners) about the services they currently receive and how these might be improved.
- Customers' views (including factored owners) about their homes, neighbourhood and general environment in which they live.
- How tenants might want to be involved in the development of future services and the work of the Association generally and
- The social, economic and demographic characteristics of tenants.

It is against this background that Research Resource were commissioned to carry out KCHA's 2022 Customer Satisfaction Survey.

2. METHODOLOGY

2.1. Research Method

We note that the Ipsos MORI guidance prepared on behalf of the Regulator debates the use of a range of different methodologies for carrying out the survey, including postal, online, telephone and face to face survey methods. The customer satisfaction survey was carried out using a face-to-face survey and where it was the resident's preference or if required to achieve a representative response telephone interviews a telephone interview was carried out. All face-to-face interviews were doorstep interviews and researchers did not go into residents' homes. Where residents were not happy to do a doorstep interview a telephone interview was offered.

An interviewer led approach delivers the following advantages.

- Administering the survey utilising an interviewer led methodology allows us to maximise the response rate.
- The proposed methodology is an inclusive methodology and allows interviewers to ensure that, for example, elderly or those with a disability or literacy problems can be included in the process.
- Facilitates high quality of survey output as it allows the interviewer to build up a rapport with the participant ensuring that the questionnaire is answered in full and allowing explanation of the necessity for asking personal data.
- Telephone methodology provides the same benefits as face-to-face interviews in terms of survey completion, response rates and quality.

2.2. Sample Size

The aim of the survey was to achieve a robust level of data upon which the Organisation can have confidence making decisions upon and to maximise the response to the survey. Overall, a total of 163 interviews were completed with KCHA tenants, providing data accurate to +5% based upon a 50% estimate at the 95% confidence level. Tenant interviews were spread across each area of the Organisation's stock to ensure coverage of all stock types.

The guidance from the Scottish Housing Regulator states that in all surveys, particularly postal surveys, some groups are more likely than others to respond. This means that certain subgroups will be under-represented, and others will be over-represented in the final achieved sample (i.e. all the people who responded). Weighting ensures that received responses are representative of the whole survey population.

TENANT SATISFACTION SURVEY 2022

The following table show the sample profile broken down by development compared to the population. As can be seen, the interview profile is relatively in line with the overall tenant population profile. The profile of interviews has good coverage of all areas, and we are therefore comfortable that the coverage of the tenant population is sufficiently close that weighting of survey data is not required.

Development	No of tenant	% of tenant	No. of interviews	% of interviews
Achamore /Lochgoin New Build	30	11%	16	10%
Cleddans Court New Build	45	16%	28	17%
Inchfad Drive Phase (4)	36	13%	23	14%
Inchfad Drive Phase 1	23	8%	13	8%
Inchfad Drive Phase 2	31	11%	25	15%
Inchfad Drive Phase 3	18	7%	10	6%
Ladyloan Ave Phase 1	30	11%	18	11%
Ladyloan Avenue Phase (2)	36	13%	21	13%
Lochgoin Ave Re-hab	26	9%	9	6%
Grand Total	275	100%	163	100%

In addition to the tenants survey 2 interviews were completed with sharing owners with a shortened version of the questionnaire.

2.3. Questionnaire design

After consultation with KCHA representatives, a survey questionnaire was agreed which fully met the information needs and requirements of the organisation and included all issues of importance for tenants.

In developing the questionnaire the following issues were considered:

- The information needs of KCHA at this time;
- The Scottish Social Housing Charter indicators upon which the Association is required to report;
- Research Resource experience in relation to customer satisfaction surveying.

A survey was designed which covered the following key areas:

- Overall satisfaction
- Information and participation
- Customer care
- Repairs and maintenance
- The neighbourhood
- Rent and value for money
- Household information

A copy of the final questionnaire is available in appendix 1 of this report.

2.4. Survey Analysis and Reporting

Survey data will be analysed and reported on in a number of ways. The results to key indicators within the tenant satisfaction survey have been compared to previous tenant satisfaction surveys and also compared to the Scottish Average and further analysis for example by development has been noted for key areas as agreed by the Association. Where any particular trends or issues are found for any one key group, this is detailed in the survey report.

2.5. Report Structure

This document details the key findings to emerge from Kingsridge Cleddans Housing Association. The report comprises the following chapters:

3. OVERALL SATISFACTION
4. INFORMATION AND COMMUNICATION
5. PARTICIPATION
6. CUSTOMER CONTACT
7. REPAIRS AND HOUSING QUALITY
8. THE NEIGHBOURHOOD
9. RENT, VALUE FOR MONEY AND FINANCIAL MANAGEMENT

Appendix 2 – Technical report summary

3. OVERALL SATISFACTION

3.1. Overall satisfaction (Q1/2)

The survey opened by asking respondents how satisfied or dissatisfied they were with the overall service provided by their landlord. Almost all respondents were either very or fairly satisfied in this respect compared to 1% who were neither satisfied nor dissatisfied and 1% who were fairly dissatisfied. Overall satisfaction has remained consistent with the results from the August 2019 (97%) and March 2019 tenant satisfaction surveys (100%). The Scottish average for all landlords as reported in the Annual Return on the Charter (ARC) for 2021/22 is 88% showing that KCHA satisfaction with the overall service is significantly higher than the Scottish average.

Where tenants were not satisfied with the overall service, they were asked to explain why they felt this way. Only three tenants were not satisfied in this respect, one tenant commented on the repairs service, one spoke about problems with rats and the other was dissatisfied with customer service.

4. INFORMATION AND COMMUNICATION

4.1. Preferred method of keeping tenants informed (Q3)

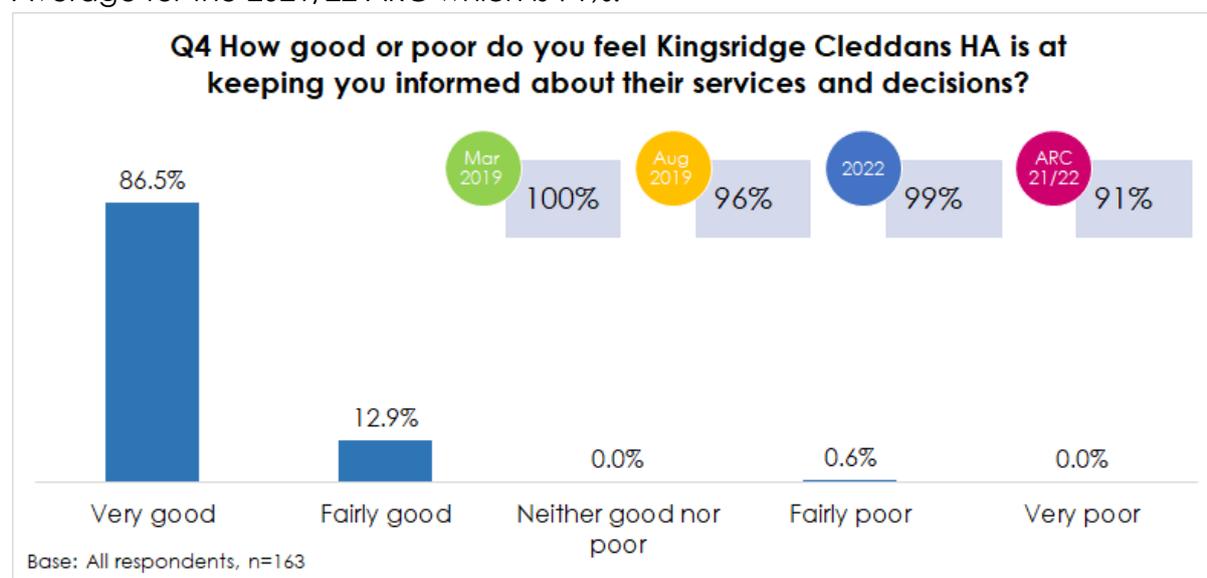

Tenants were asked to select from a list of communications which they would prefer to be used to keep them informed. Written communications were by far and away the preferred communication sources for tenants with 91% preferring to use newsletters and 89% preferring to use letters. Social media, contact via the website or an app and email contact were all preferred by tenants under the age of 55.

Q3 The Association use a range of methods to keep their tenants informed about their services and decisions. In which of these ways would you prefer to be kept informed? ALL THAT APPLY

Base: All respondents, n=163	No.	%
Newsletters	148	90.8%
Letters	145	89.0%
Text message	6	3.7%
Email	3	1.8%
Social media	2	1.2%
Website	1	0.6%
Through an Kingsridge Cleddans HA App	1	0.6%
Other	2	1.2%

4.2. Satisfaction with keeping tenants informed (Q4/Q5)

Over 9 in 10 tenants (99%) were of the opinion KCHA were very or fairly good at keeping them informed and only 1% (1 tenant) felt the Association was fairly poor. Overall satisfaction has increased only marginally since the August 2019 survey where 96% of tenants were satisfied in this respect, and it is higher than the Scottish Average for the 2021/22 ARC which is 91%.

5. PARTICIPATION

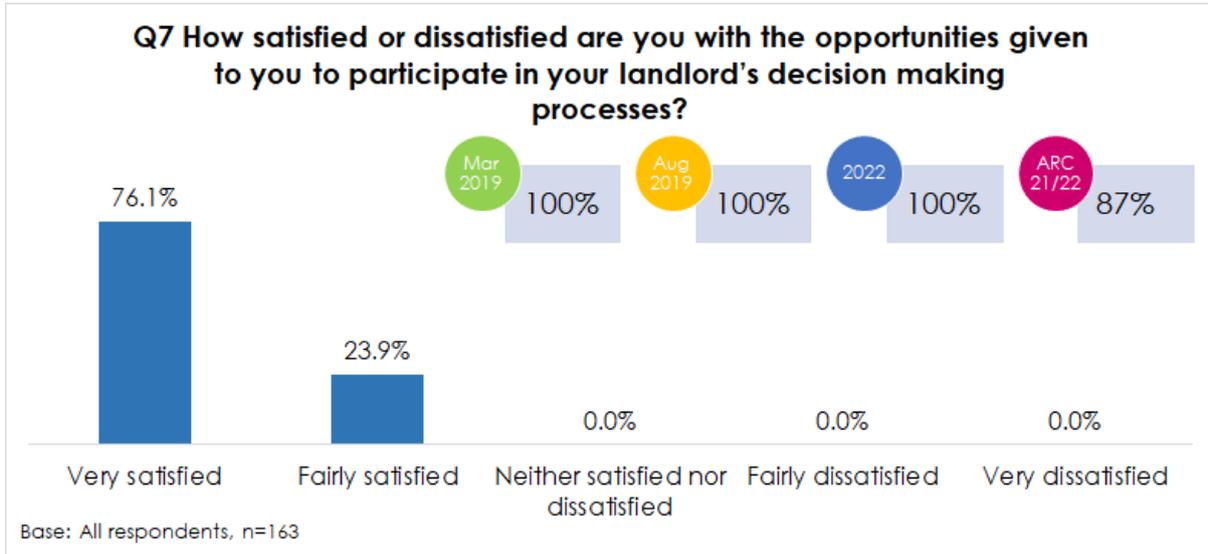

5.1. Awareness and interest in participation opportunities (Q6)

Kingsridge Cleddans provides a range of ways for tenants to get involved in their decision-making processes and give their views. Over half of tenants (56%) were aware of at least one activity that they could get involved in, with awareness levels being highest regarding regular customer satisfaction surveys (52%) and becoming a member of KCHA and attending the AGM (20%). Just under 9 in 10 tenants (88%) said they were not interested in becoming involved in any of these ways and where tenants expressed an interest this was largely by taking part in regular customer satisfaction surveys (11%).

Q6a A) Were you aware that you could get involved in any of the following ways? B) Would you be interested in getting more involved in any of the following ways?				
Base: All respondents, n=163	Awareness		Interest	
	No.	%	No.	%
Responding to regular customer satisfaction surveys e.g. on repairs or planned maintenance such as kitchen or bathroom replacement	85	52.1%	18	11.0%
Becoming a Member of Kingsridge Cleddans Housing Association and attending the AGM	32	19.6%	4	2.5%
Consultations e.g. rent increases	24	14.7%	5	3.1%
Taking part in text message consultation	23	14.1%	4	2.5%
Joining the Association's Board of Management	23	14.1%	2	1.2%
Tenant Consultation Register	20	12.3%	1	0.6%
None	72	44.2%	143	87.7%

5.2. Satisfaction with participation opportunities (Q7/8)

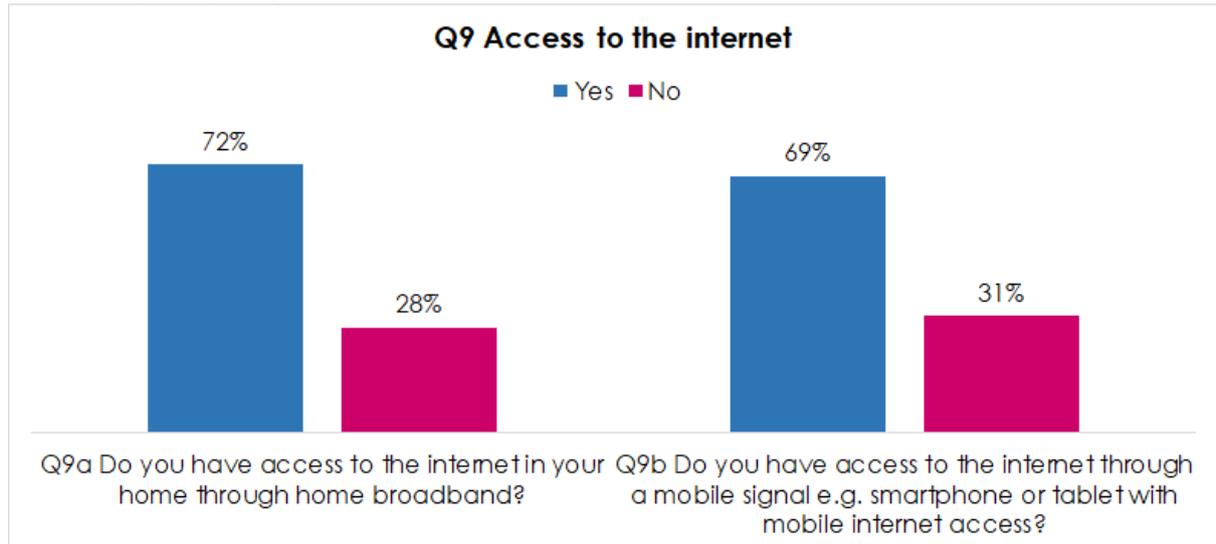

Despite low levels of interest in taking part in participation opportunities, all respondents were either very or fairly satisfied with the opportunities provided to them. This is consistent with previous tenant satisfaction survey results and is higher than the Scottish average reported in the ARC for 2021/22.

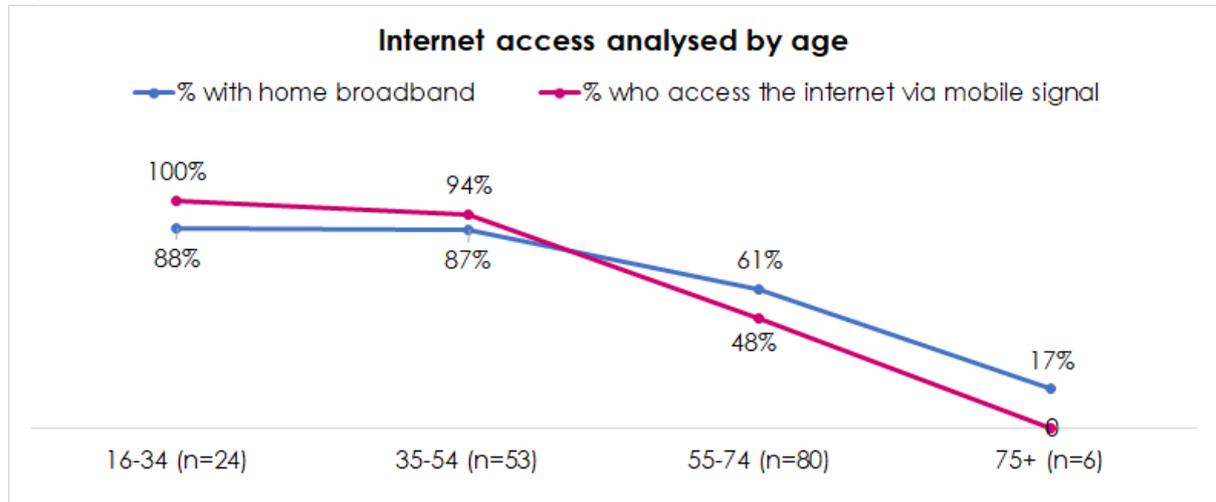

6. CUSTOMER CONTACT

6.1. Internet access (Q9)

Over 7 in 10 tenants had access to the internet in their home through home broadband (72%) and just under 7 in 10 tenants could access the internet via a mobile signal (69%).

Analysis by age reveals that as age increases the proportion of tenants with home broadband and who could access the internet via a mobile signal decreases with age.

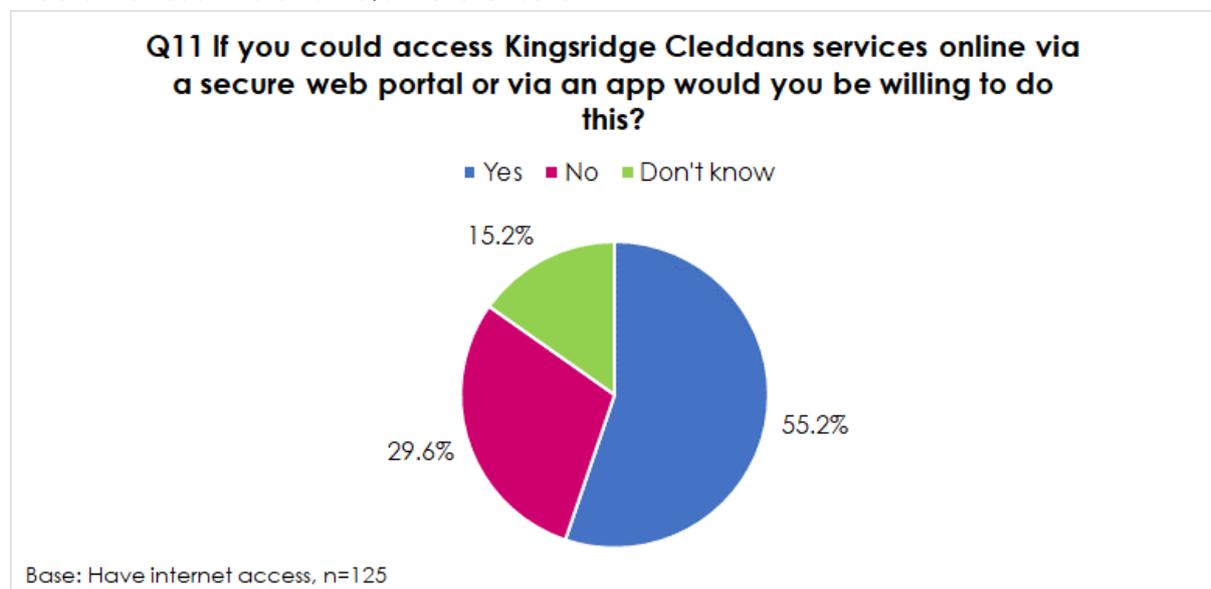

6.2. Method of going online (Q10)

Of those who had internet access the majority said they usually do this via a smartphone with mobile internet (67%). The proportion of respondents accessing the internet in this way decreases with age for example from 100% of those aged 16-34 to 76% for tenants aged 35-54, 43% for tenants aged 55-74 and 0% for tenants aged 75 and over.

Q10 How do you usually go online? SELECT ONE ONLY		
Base: Have internet access, n=125	No.	%
A smartphone with mobile internet	84	67.2%
A tablet device through which you can access the internet e.g. iPad	30	24.0%
A home computer/ laptop	8	6.4%
Through any other methods (please describe)	0	0.0%
Do not use the internet	3	2.4%

6.3. Interest in using a web portal or app (Q11)

Over half of tenants (55%) said they would be willing to access Kingsridge Cleddans services online via a secure web portal or app if this were available, 30% said they would not use this and 15% were unsure.

6.4. Contact methods (Q12/13)

Just under half of tenants said that the office being closed due to Covid has not changed how they contact the Association as they usually do this by telephone (49%). A further 17% said they haven't needed to contact them, so it has made no difference and 34% said they phoned instead of visiting the office.

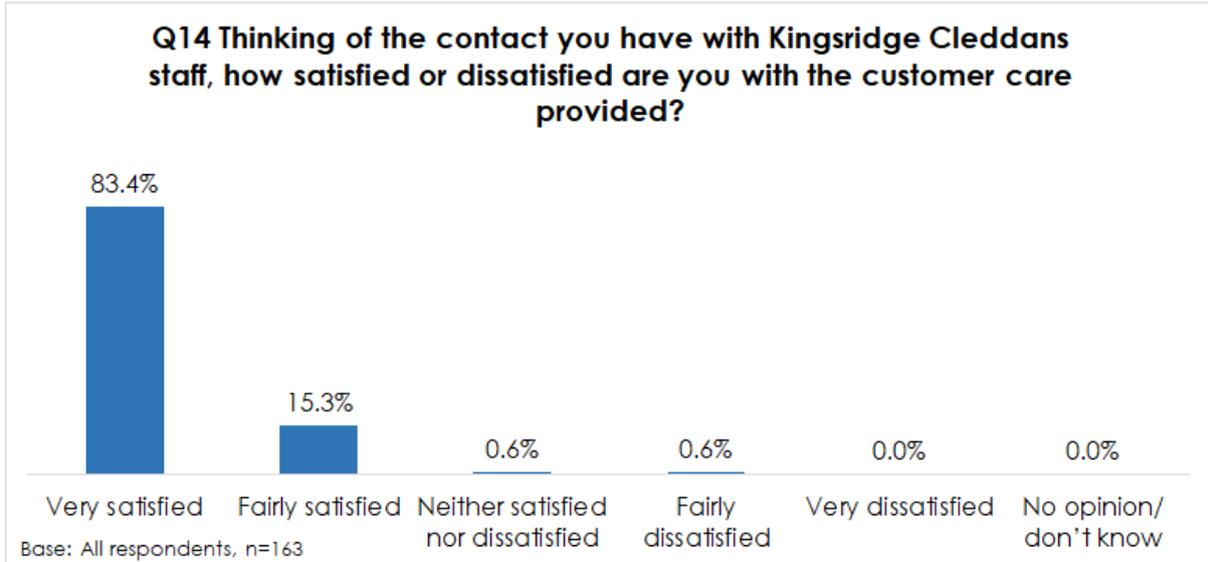

Q12 Did the office being closed due to Covid changed how you contact the Association?		
Base: All respondents, n=163	No.	%
I usually phone so my contact is no different	80	49.1%
I phone instead of visiting	56	34.4%
I haven't needed to contact them, so it has made no difference	27	16.6%

Following on from this, tenants were asked how they would prefer to have contact with the Association in the future. Almost all tenants (99%) said that contacting them by telephone was their top, second or third preference. This was followed by visiting the office (50%) and contacting the Association via text message (48%).

Q13a Moving forward, how would you prefer to have contact with the Association in the future? Please select your top / 2nd and 3rd preference.				
	Top	2nd	3rd	Overall
By telephone	95.1%	3.7%	0.0%	99%
Visit to office	2.5%	30.7%	16.6%	50%
Text message	0.0%	29.4%	19.0%	48%
Email	1.8%	14.7%	23.9%	40%
Visit to your home	0.6%	6.7%	20.9%	28%
Letter	0.0%	9.8%	11.0%	21%
Via website/ app	0.0%	4.9%	2.5%	7%
Other contact with staff (please specify)	0.0%	0.0%	6.1%	6%

6.5. Satisfaction with customer care (Q14/15)

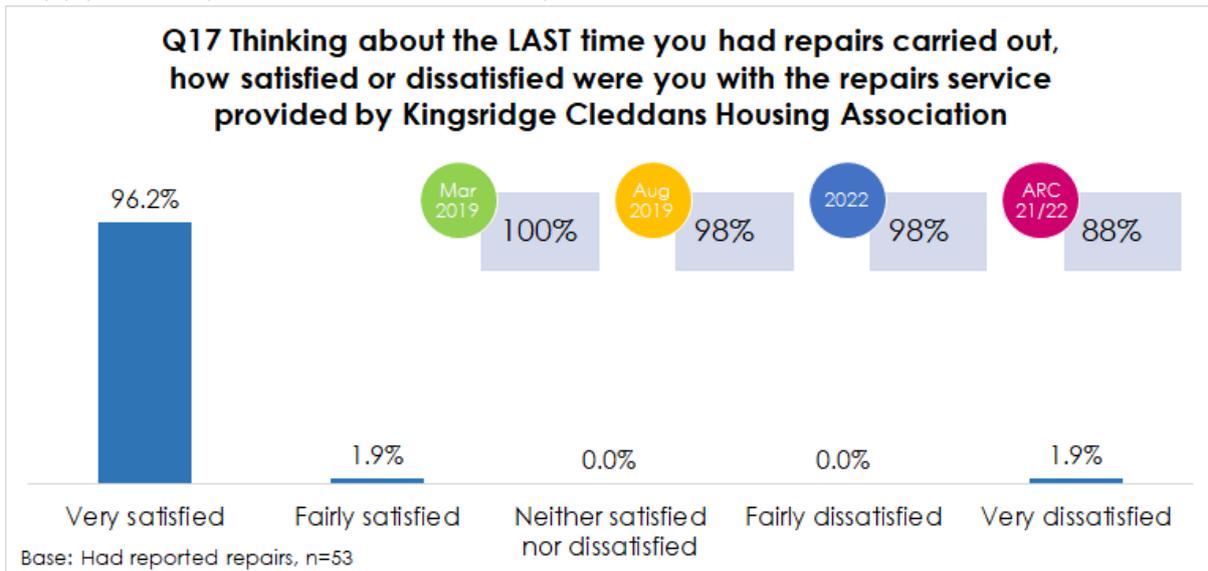

Almost all tenants (99%) were either very or fairly satisfied with the customer care provided by Kingsridge Cleddans staff compared to 1% who were neither satisfied nor dissatisfied and 1% who were fairly dissatisfied. Of the two respondents who were not satisfied in this respect, one spoke about the attitude of staff and the other mentioned them not taking ownership of the problem that they had.

7. REPAIRS AND HOUSING QUALITY

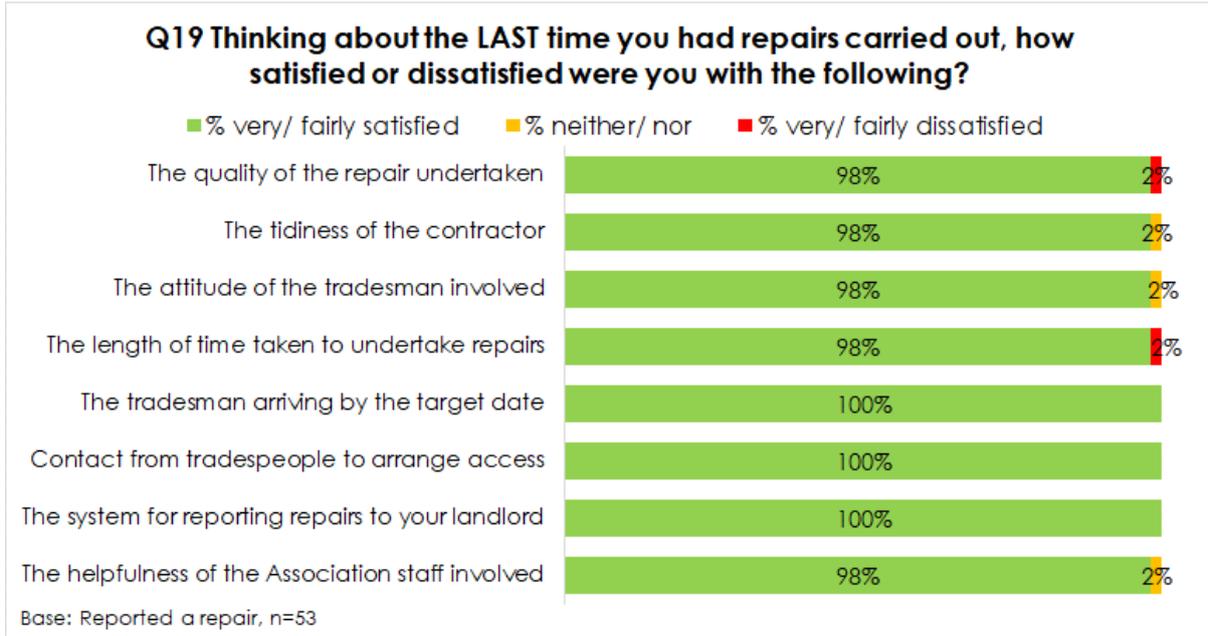

7.1. Satisfaction with the repairs service (Q16-18)

A third of tenants (33%) have had repairs carried out in their property in the last 12 months, amounting to 53 individuals. Of these tenants, 98% were very or fairly satisfied with the repairs service provided by KCHA compared to 2% who were very dissatisfied. Only one respondent was not satisfied in this respect, and they were not happy their repair had not been completed.

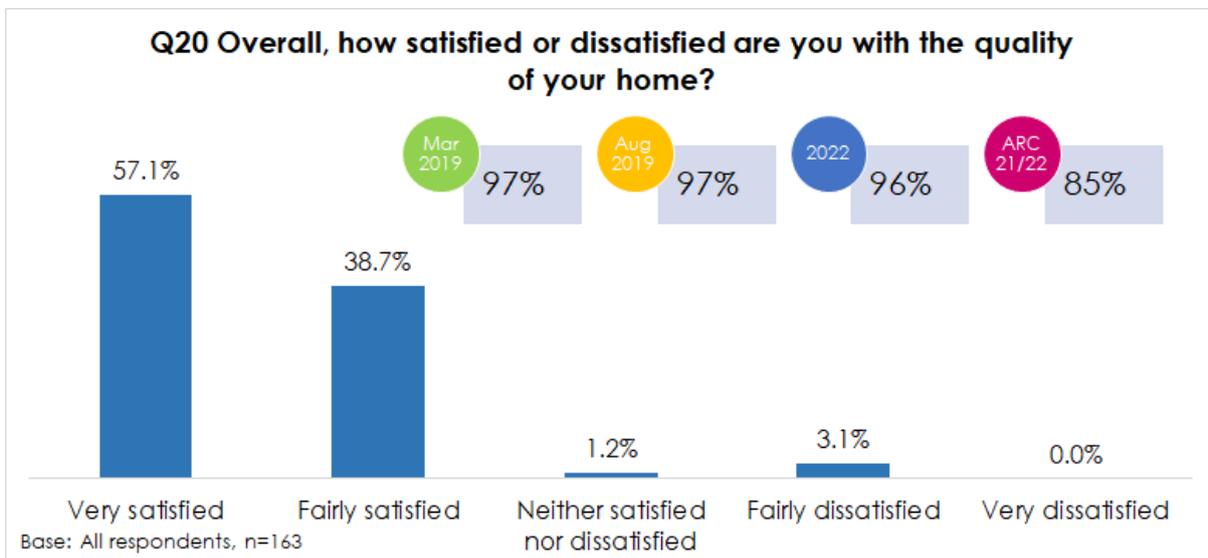

7.2. Satisfaction with aspects of the repairs service (Q19)

Following on from this, tenants were asked how satisfied or dissatisfied they were with various aspects of the repair they had carried out. As can be seen below satisfaction levels were very high with all aspects rated as either 100% or 98% satisfaction. All tenants were satisfied with the tradesman arriving by the target date, the contact from tradespeople to arrange access and the system for reporting repairs.

7.3. Satisfaction with the quality of the home (Q20/21)

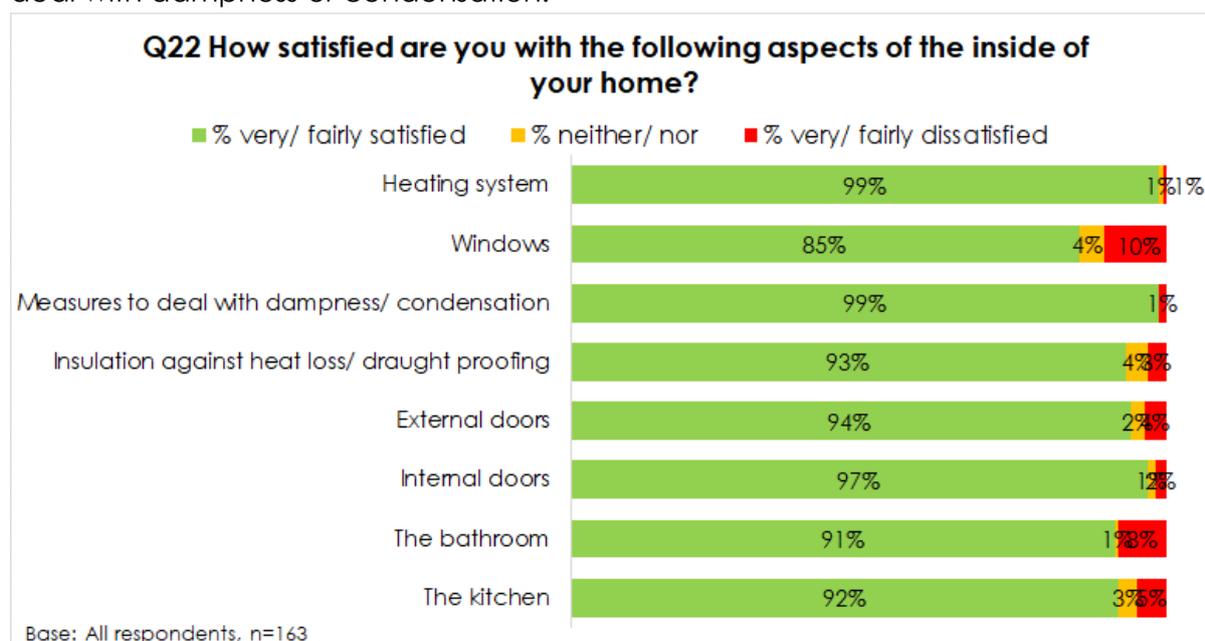

Almost all tenants were either very or fairly satisfied with the quality of their home compared to 1% who were neither satisfied nor dissatisfied and 3% who were fairly dissatisfied. Overall satisfaction is consistent with the March 2019 (97%) and August 2019 surveys (97%) and is higher than the Scottish average reported in the ARC for 2021/22.

Where respondents were not satisfied this was largely where they had outstanding repair issues or where they believed their home required to be upgraded.

7.4. Satisfaction with the inside of the home (Q22)

Satisfaction with various aspects of the inside of the home range from 85% with regards to the windows to 99% in terms of the heating system and the measures to deal with dampness or condensation.

7.5. Priorities for investment to the home (Q23)

Tenants were asked to select from a list which would be their top 3 priorities for investment or upgrade in their home. The top response was new windows (44%) which supports the findings above showing that this was an area of lower satisfaction in relation to other areas of the home. New bathrooms (21%) and new kitchens (15%) were the next two priorities for tenants.

Q23 Thinking of your home, what would be your priority for investment or upgrading?		
Base: All respondents, n=163	No.	%
Windows	72	44.2%
The bathroom	34	20.9%
The kitchen	25	15.3%
Insulation against heat loss/ draught proofing	21	12.9%
New external doors	18	11.0%
New internal doors	17	10.4%
Measures to deal with dampness/ condensation	2	1.2%
Heating system	2	1.2%
Other	5	3.1%
None	35	21.5%
Don't know	2	1.2%

TENANT SATISFACTION SURVEY 2022

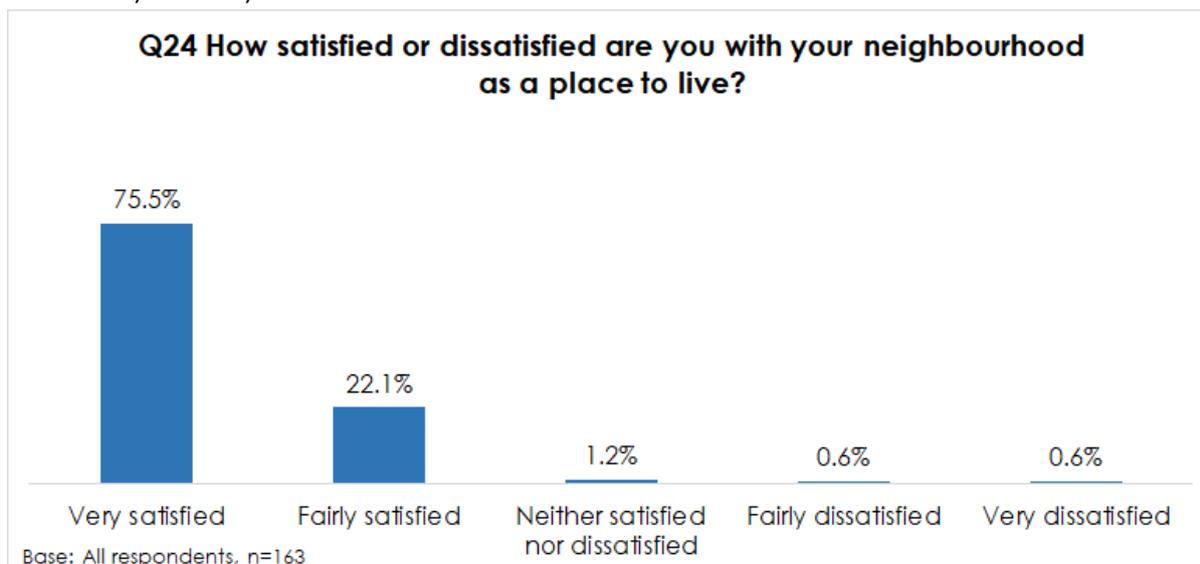

Analysis of this question by development is shown in the table below and shows that new windows is the top priority for all but two developments. New kitchens were a top priority for tenants living in Cleddans Court, New internal doors, external doors and insulation were top priorities for those living in Ladyloan Avenue (phase 2), and for those living in Lochgoin Avenue Rehab the top priorities were new internal doors along with new windows.

8. THE NEIGHBOURHOOD

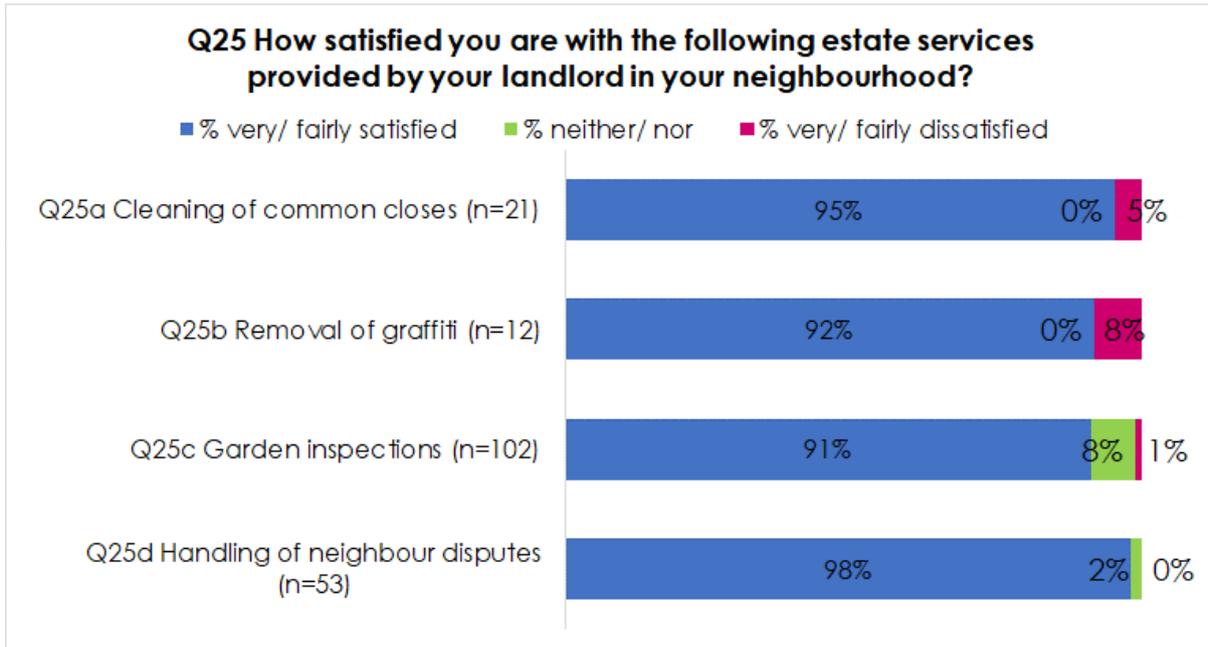

8.1. Satisfaction with the neighbourhood as a place to live (Q24)

Tenants were asked how satisfied or dissatisfied they were with their neighbourhood as a place to live. The vast majority (98%) were either very or fairly satisfied in this respect compared to 1% who were neither satisfied nor dissatisfied and 1% who were very or fairly dissatisfied.

8.2. Satisfaction with estate services (Q25)

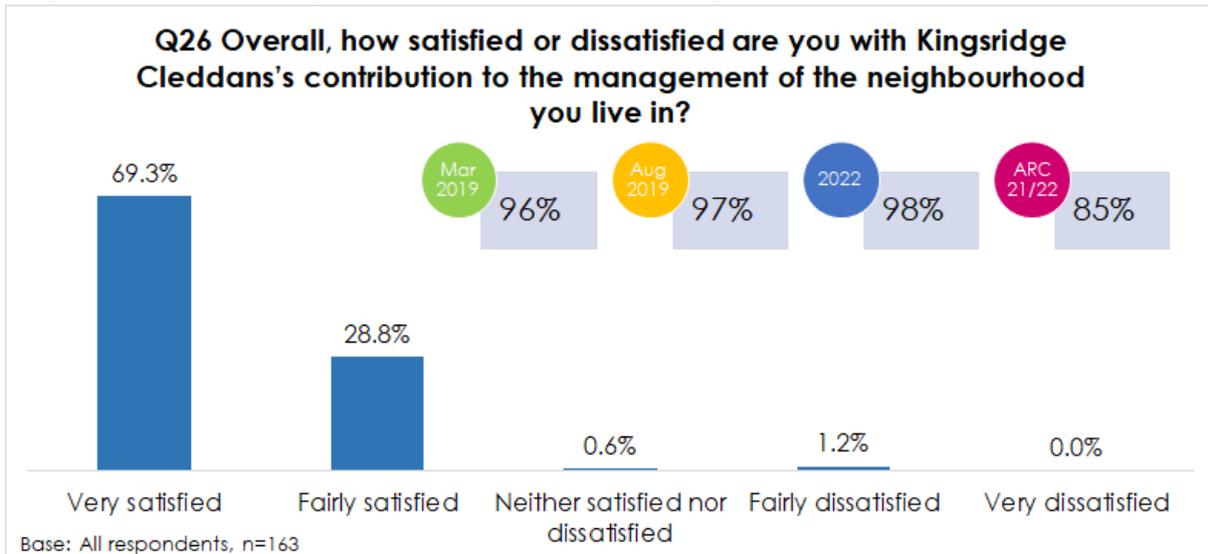

Tenants were asked how satisfied or dissatisfied they were with various estate services provided by KCHA. The vast majority of tenants were satisfied in all respects. Furthermore an improvement could be seen regarding the cleaning of common closes where 95% were satisfied, up from 86% in August 2019. Garden inspections were also asked about in the August 2019 survey where 94% were satisfied in August 2019 compared to 91% in 2022.

NB Table excludes Not applicable

8.3. Satisfaction with contribution to the management of the neighbourhood (Q26/27)

Almost all tenants (98%) were either very or fairly satisfied with KCHA's contribution to the management of the neighbourhood they live in compared to 1% who were neither satisfied nor dissatisfied and 1% who were fairly dissatisfied. Overall satisfaction in this respect has remained consistent with the results from March and August 2019 and is higher than the Scottish Average reported in the ARC for 2021/22.

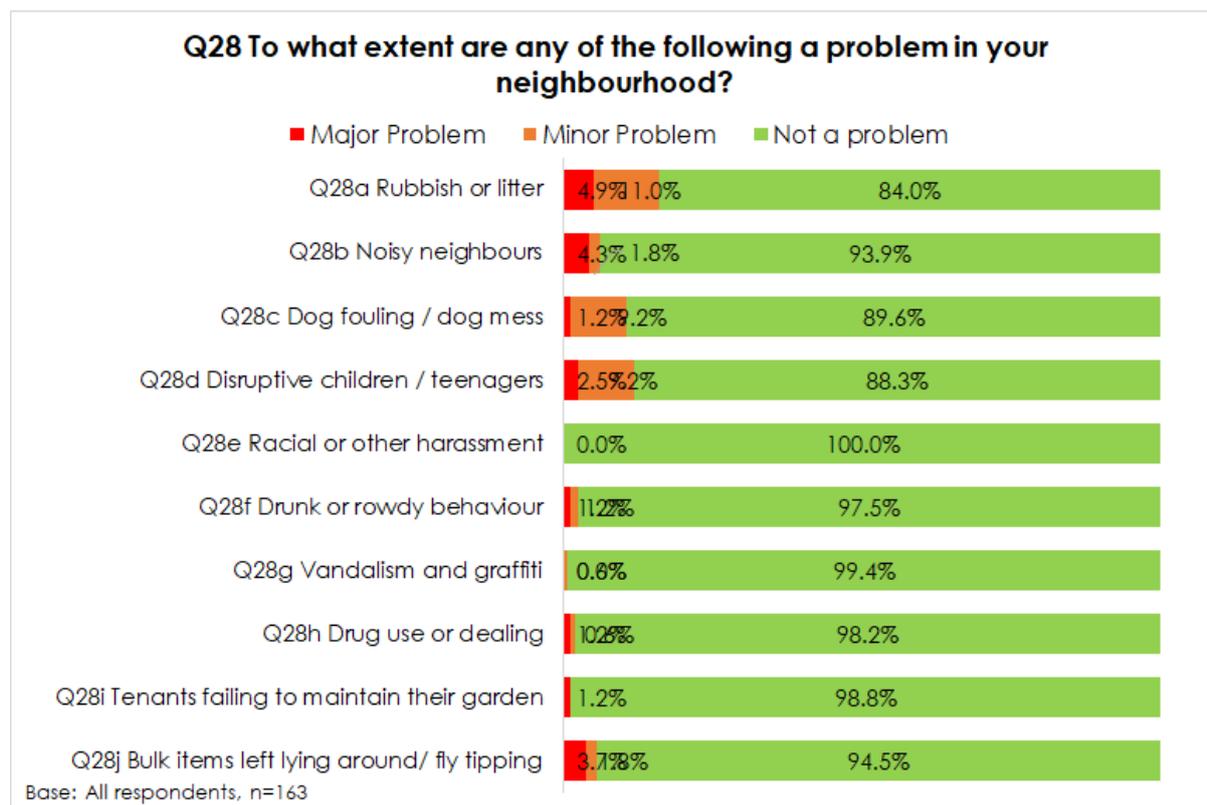

The three tenants who were not satisfied with KCHA's contribution to the management of the neighbourhood felt this way due to problems with motorbikes, vermin and regarding a lack of close inspections.

8.4. Neighbourhood problems (Q28)

Tenants were asked to what extent various neighbourhood issues were a problem or not a problem in their neighbourhood. The vast majority of tenants did not consider any of these issues to be a problem in their neighbourhood. The biggest concerns for tenants were:

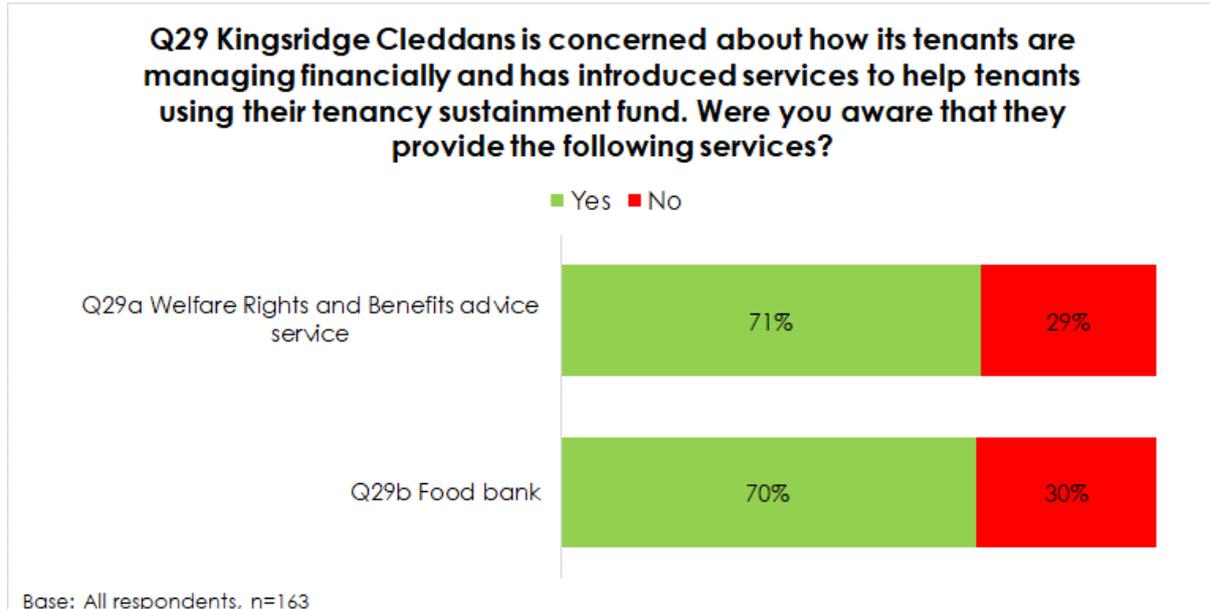

- Rubbish or litter (16% stating major or minor problem)
- Disruptive teenagers/ children (12%)
- Dog fouling/ dog mess (10%)

9. RENT, VALUE FOR MONEY AND FINANCIAL MANAGEMENT

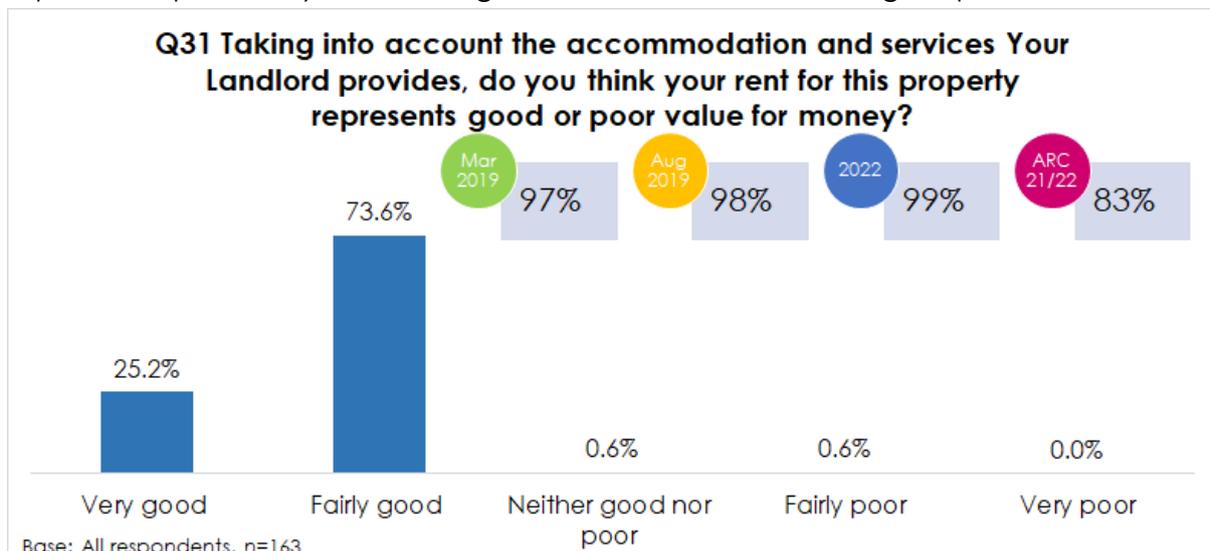

9.1. Awareness of financial support services (Q29/30)

Kingsridge Cleddans is concerned about how its tenants are managing financially and has introduced services to help tenants using their tenancy sustainment fund. Over 7 in 10 tenants (71%) were aware the Association provides a Welfare Rights and Benefits advice service and 70% were aware they provide a food bank.

9.2. Value for money (Q31/32)

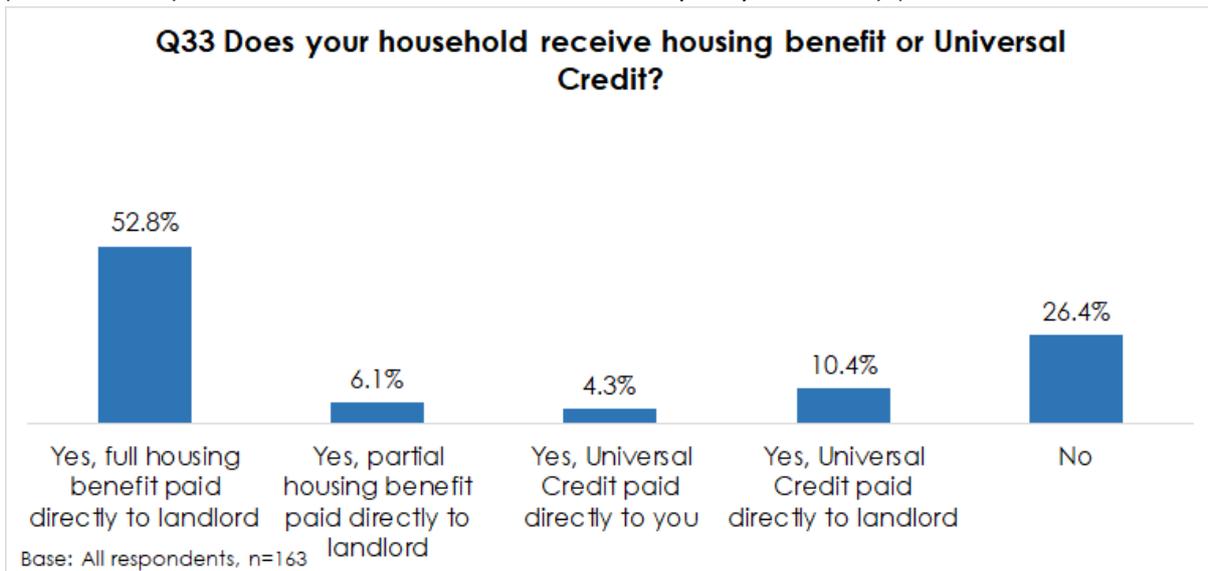

Almost all tenants (99%) said the rent for their home represented very or fairly good value for money compared to 1% who said it was neither good nor poor value and 1% who said it was fairly poor value for money. This is consistent with the results reported in previous years and higher than the Scottish Average reported in the ARC.

The two tenants who did not feel their rent was good value for money said that it was either too high for the services they receive or for the quality of their home.

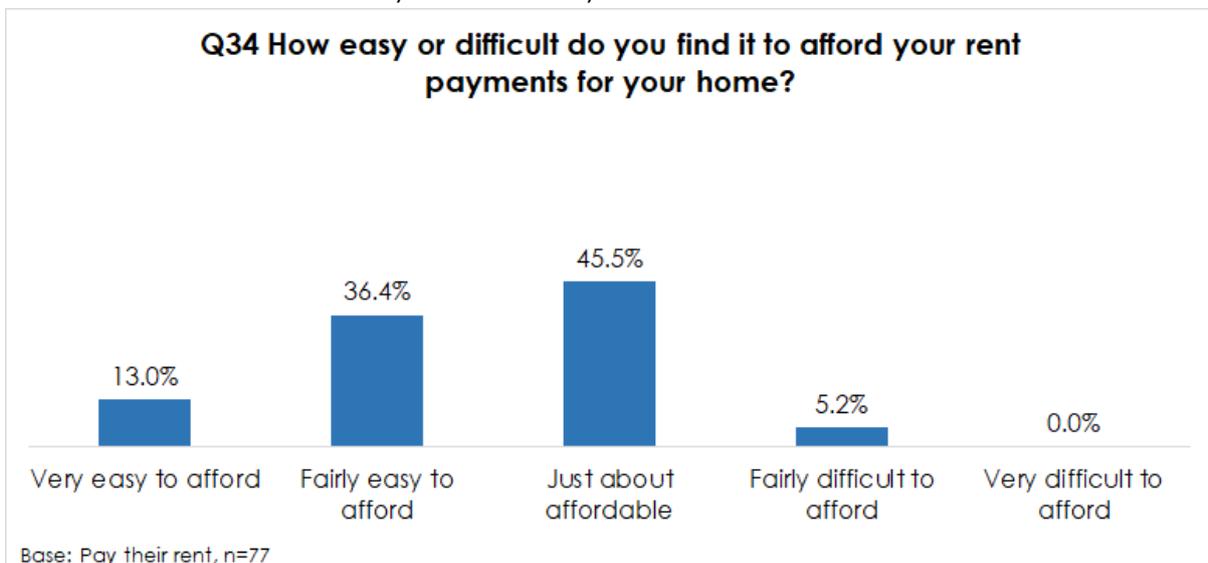

9.3. Housing benefit and Universal Credit (Q33)

Over half of tenants said they received full housing benefit paid directly to the landlord, 6% said they received partial housing benefit paid directly to their landlord, 4% received Universal Credit paid to them and 19% received partial Universal Credit paid directly to them. Over one in four tenants (26%) said they paid full rent.

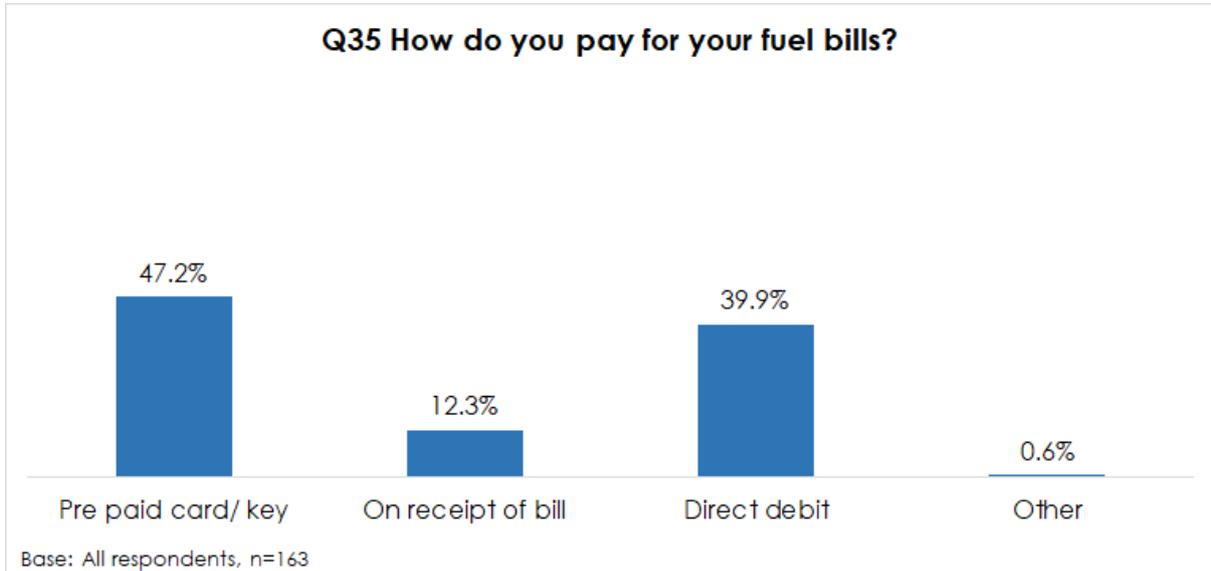

9.4. Affordability of rent payments (Q34)

Just under half of tenants (49%) who pay at least part of their rent said they find it easy to afford the rent payments for their home, 46% said it was just about affordable and 5% said they found it fairly difficult to afford.

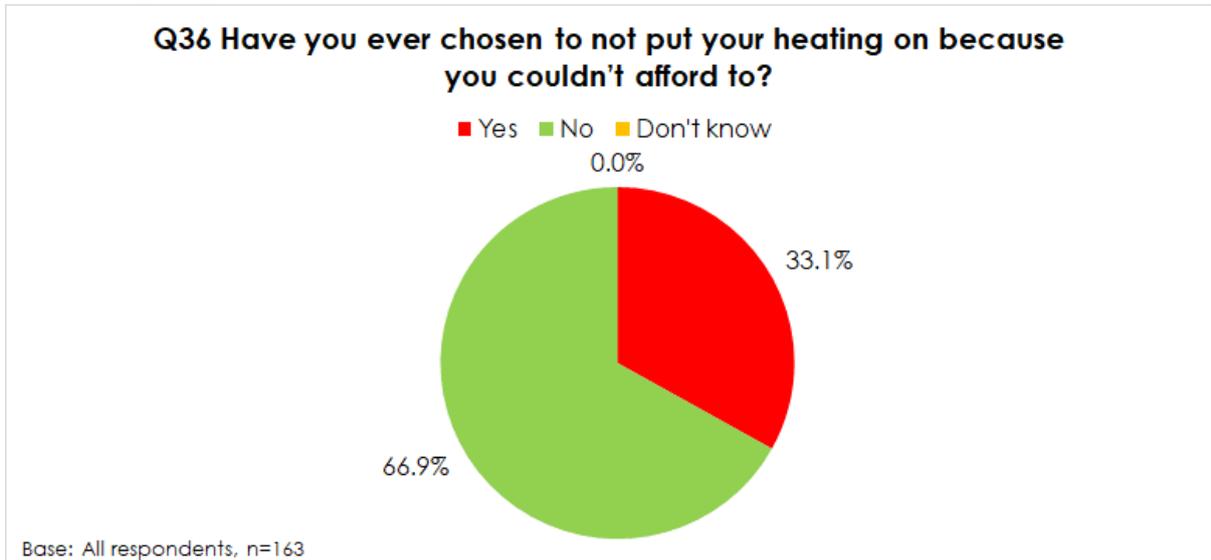

9.5. Fuel bills (Q35-37)

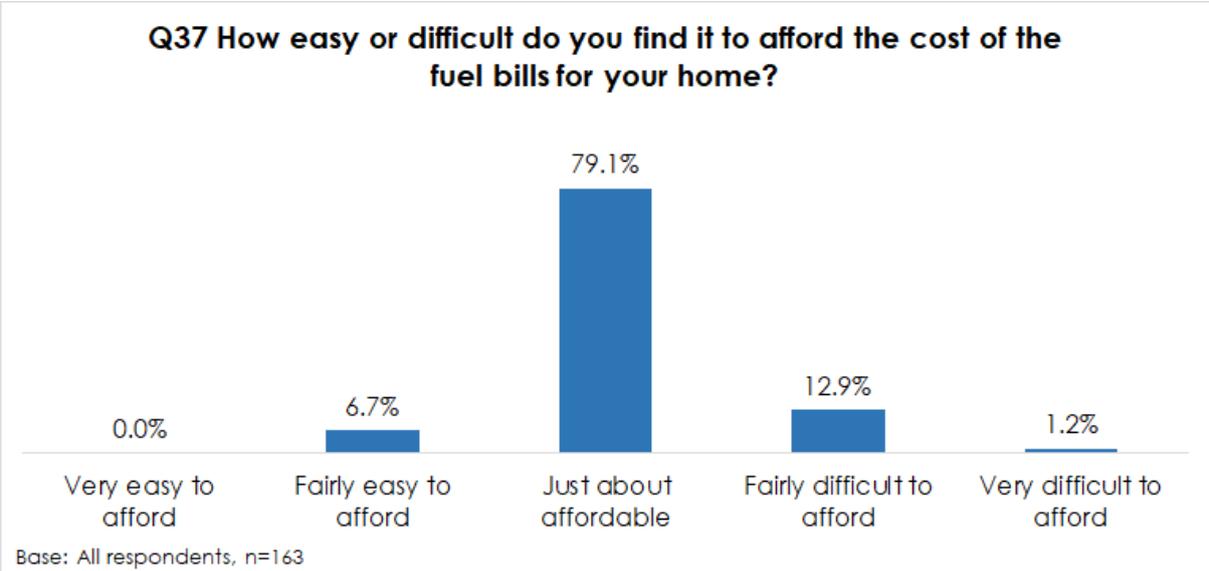

Just under half of tenants pay for their fuel bills via a pre-paid card or key (47%), 40% pay by Direct Debit and 12% pay on receipt of a bill.

One third of tenants have chosen to not put their heating on because they couldn't afford to (33%).

Just under 8 in 10 tenants (79%) said they find their fuel bills for their home just about affordable, 7% said they was very or fairy easy to afford and 14% said they were very or fairly difficult to afford.

10. TENANT PERCEPTIONS AND PRIORITIES

10.1. Top three service priorities (Q38)

Tenants were asked to select from a list of services which they consider to be their top three priorities. The top three priorities selected by tenants were repair and maintenance of the home (96%), followed by investment in improving the quality of housing (80%) and keeping tenants informed about services and decisions (56%).

12. SHARING OWNERS

12.1. Introduction

The Association has a total of 10 sharing owners and wanted to ensure that they too had the opportunity to provide their opinions on the Association and the services they provide. Sharing owners were consulted with by telephone using the same questionnaire as tenants, with the exception of the repairs section/ quality of the home section of the questionnaire which they were not asked for their opinions on. Of the 10 households, we had three with incorrect telephone numbers and 5 we were unable to speak to. A total of 2 sharing owners were interviewed over the process.

Both owners were satisfied with the overall service provided by Kingsridge Cleddans Housing Association, being kept informed, participation opportunities, customer care, the neighbourhood and value for money.

The following report summarises the key findings from these 2 customers.

Technical Report Summary

TECHNICAL REPORT SHEET – QUANTITATIVE RESEARCH

Project name	Kingsridge Cleddans Housing Association
Project number	P1249
Objectives of the research	To undertake a customer satisfaction survey to provide information on: <ul style="list-style-type: none"> • Customers' views (including factored owners) about the services they currently receive and how these might be improved. • Customers' views (including factored owners) about their homes, neighbourhood, and general environment in which they live. • How tenants might want to be involved in the development of future services and the work of the Association generally and • The social, economic, and demographic characteristics of tenants.
Target population	Tenants and sharing owners
Description of sample frame/ source and validation methods if applicable	A customer database was provided by the Association containing both tenants and sharing owners.
Sampling method (probability or non probability) and quotas used	The aim of the survey was to achieve a 40% response rate and data accurate to +/-5% with a representative sample of tenants and factored owners. A Nonprobability sampling approach has been used. Broad target quotas were set by development for the tenant survey to ensure a representative coverage geographically.
Sample units drawn	All tenants/ sharing owners were included in the sample. 275 tenants and 10 sharing owners.
Target sample size	To maximise the response from sharing owners and to achieve at least a 40% response rate from tenants and providing data accurate to +/-5%. Data accurate to +/-5% for
Achieved sample size and reasons if target not achieved	163 tenant interviews and 2 sharing owners
Date of fieldwork	29 th of July to the 21 st August 2022
Data collection method	Interviews were carried out largely on a face-to-face doorstep basis. Where it was the resident's preference and to boost the response, telephone interviews were carried out. All face-to-face interviews were doorstep interviews. Where residents were not happy to do a doorstep interview a telephone interview would be offered.
Response rate and definition and method of how calculated	163 tenant interviews were achieved from a database of 275 tenants equating to a 59% response rate. 2 sharing owners were interviewed from a list of 10. It should be noted however that of the 10 sharing

TENANT SATISFACTION SURVEY 2022

	owners, 3 had incorrect telephone numbers, therefore the response rate for sharing owners was 28% (2 out of 7).
Questionnaire length	10 minutes
Any incentives?	None
Number of interviewers	Three
Interview/ self completion validation methods	5% of Telephone interviews have been validated by remote listening. 10% of field interviews have been validated by respondent recontact.
Showcards or any other materials used?	None.
Weighting procedures (if applicable)	Not applicable.
Estimating and imputation procedures (if applicable)	Not applicable
Reliability of findings and methods of statistical analysis if applicable	+/-5% for tenants based upon a 50% estimate at the 95% confidence level

NB If publishing any results please ensure that any conclusions or data reported are adequately supported by the data provided in this report.
